

## TESTIMONIALS - ABSTRACT PROF. ANDREA VIOLA

I will talk about the experience of seminars about the document *Oeconomicae et Pecuniariae Quaestiones*. These were organized jointly with the Archdiocese of Milan and included in the program *Towards Economy of Francesco*. Around 800 students and 100 professionals and professors from all UCSC faculties were involved. Despite the pandemic, the initiative was very interesting, and the students got very involved. I will firstly briefly describe the initiative, how young people know what they are responsible for, and how Catholic university aims at preparing them to take responsibility.
